September 2022 Newsletter

Hi All,

What a hot summer it has been! I hope you all have enjoyed a great season of tennis and have been able to make use of the fantastic facilities this club has to offer.

The grass courts will be closed over the winter period therefore from September the 26th they will no longer be available to book on ClubSpark. The hard courts however will remain open, as usual, for use throughout the winter.

Due to this club nights on Tuesdays and Thursday will draw to a close with the last club night being Thursday the 22nd. As mentioned above the hard courts will remain open for use and will continue to be booked out for club use on Sundays during the winter.

Fundraising for the club will continue so look out for emails with details of various walks happening.

I hope to see you out on court enjoying the remaining good days of sunshine!

The Chairman WNLTC
